Project Status Report I

Date of Report Issue/Prepared: January 29th, 2021

Report Prepared By: Bruna Bispo Abatepaulo, Evgeniya Zhukova, Gordon Wells, Karin Zigdon, Marina Savochkina

Employer/Organization: Not Applicable

Project Name:	Mind Manager App	
Project Team:	Fantastic Five	
Period Reporting:	Start Date: **Jan 11, 2021**	End Date: **Jan 29, 2021**
Overall Project Health	Yellow (Warning)	

Summary

Project Status Summary
Currently, the initial startup research has been completed, and the demonstration prototype was done. Based on feedback and further discussion, the team decide to make certain adjustments to the projects, in regards to the database construction and the addition of an admin role feature and a simple profile page. The next step will be starting developing the application based on all the final decisions that were made by the team.

Accomplishments as Planned	Planned but not Accomplished
Project Prototype – delivered and presented the prototype within the due date, and gathered feedback	Decide which open-source games to use – the team have yet to select which games will be part of each selection
Completed and delivered every task submission on time	Database implementation. Database was changes from Realm to SQLite
Agreed on how the final design for the user interface will be styled	Music player planning – the team members have yet to decide on how music will be presented to the user

Upcoming Objectives for Jan 30, 2021 to Feb 12, 2021

Planned Activities/Tasks for Next Period			
Activity/Task	**Assigned To <name/s>**	**Duration <days>**	**Date**
Code Login / Registration Page	Evgeniya Zhukova	1	Feb 05, 2021
Code Home Page (user)	Evgeniya Zhukova	1	Feb 05, 2021
Code Questionnaire Page (user)	Marina Savochkina	1	Feb 05, 2021
Code Suggestion Page (user)	Marina Savochkina	1	Feb 05, 2021
Code the filter and location range popup (user)	Karin Zigdon	1	Feb 05, 2021
Code the Profile Page (user)	Karin Zigdon	1	Feb 05, 2021
Code the Menu Page (admin)	Gordon Wells	1	Feb 05, 2021
Code the List of Users Page (admin)	Gordon Wells Bruna Bispo	1	Feb 05, 2021
Code the Edit Mood Options Page (admin)	Gordon Wells	1	Feb 05, 2021
Code the Edit Questionnaire Page (admin)	Bruna Bispo	1	Feb 05, 2021
Code the Edit Categories and Suggestions Page (admin)	Bruna Bispo	1	Feb 05, 2021
Add functionality to Login / Registration Page	Evgeniya Zhukova	5	Feb 12th, 2021
Add functionality to the mood buttons in Home Page	Evgeniya Zhukova	5	Feb 12th, 2021
Add functionality to Questionnaire Page	Marina Savochkina	5	Feb 12th, 2021
Add functionality in the Suggestions Page (so the list can be shown)	Marina Savochkina	5	Feb 12th, 2021

Add functionality to the filter for the Suggestions Page	Marina Savochkina	5	Feb 12th, 2021
Add functionality so the admin can see a list of current users	Gordon Wells	5	Feb 12th, 2021
Add functionality so the admin is able to add, edit and delete mood option(s)	Gordon Wells	5	Feb 12th, 2021
Add functionality so the admin is able to add, edit and delete question(s) from questionnaire	Bruna Bispo	5	Feb 12th, 2021
Add functionality so the admin is able to add, edit, and delete categories and its activities (suggestions)	Bruna Bispo	5	Feb 12th, 2021

Milestones for Next Period		
Milestone (Objective)	**Assigned To**	**Delivery Date**
Code the design the user interface: - Login / Registration Page - Home / Mood Selection Page - Questionnaire Page - Suggestions Page (including filter, location range and random button)	Evgeniya Zhukova Marina Savochkina Karin Zigdon Add profile page	Feb 05th, 2021
Code the design the admin interface: - Menu Page - List of Users Page - Edit Mood Options Page - Edit Questionnaire Page - Edit Categories and Suggestions Page	Bruna Bispo Gordon Wells	Feb 05th, 2021
Code basic functionality to user interfaces: - Be able to get through the login page - Be able to access the home page anywhere - Be able to select mood options in the home page - Be able to select one of three answers in the questionnaire - Be able to see a list of suggestions - Be able to filter the list	Evgeniya Zhukova Bruna Bispo Gordon Wells Marina Savochkina Karin Zigdon Add profile page	Feb 05th, 2021
Code basic functionality to admin interfaces: - Be able to get through the login page (with admin credentials) - Be able to see the list of active users with the possibility of removing them - Be able to add, edit, and delete mood options - Be able to add, edit, and delete questions from the questionnaire - Be able to add, edit, and delete categories and its activities (suggestions)	Bruna Bispo Gordon Wells	Feb 12th, 2021

Managing Issues and Risk

Issues/Problems	Resolution Strategy	Due Date
Running XCode on Windows	Connect remotely to the GBC college MAC computers through member's computers	Jan 20th, 2021
Some team members are in different time zones	Schedule meetings that are suitable for everyone in the team	Until end of project
Implement the database	Search on the internet and/or seek teacher's help	Feb 12th, 2021

Upcoming Risks	Risk Ranking (Hi, Med, Low)	Risk Impact (Hi, Med, Low)	Mitigation Strategy
Delaying the project due some members having problems using XCode remotely and lack of Mac computers	Med	Med	Only one member has access to a Mac computer. The team members will use a tool to collaborate on a single machine
